Women's Clubs in the area have joined forces to speed up the tempo of fund-raising for the Countryside Hospital.

A meeting of twenty-two representatives of the various clubs was held at the home of Mrs. June Eckert on Friday, Sept. 20. The women made plans to co-ordinate the drive for donations and pledges. The plans include follow-ups on calls where workers were asked to call back or where no one was at home when a call was made.

This follow-up will be the last opportunity for area residents to contribute to the campaign. This phase of the campaign, believed by the Board of Directors to be the most important, will begin in early October.

The women agreed to canvass the area systematically, township by township, starting with the Lake Villa area. One week will be spent on the Lake Villa drive. Solicitations in another area, not yet announced, will then begin.

Dr. W. C. Petty spoke to the women, emphasizing that all area residents must be contacted.

Dr. Petty was asked when the hospital would be built. He stated, "Ground-breaking is scheduled for late October, with construction to begin in early spring. Construction is being delayed because of the weather factor."

He was also asked who will manage the hospital after it is built. "The people of the community," he answered, "through the Board of Directors." He informed the group that bonds could not be issued for construction of the hospital because Countryside Hospital is a non-profit organization. The state charter forbids the sale of bonds.

All area residents who may still have intention cards in their possession are being contacted to return them to campaign headquarters. This is necessary for the re-solicitation by the Women's Clubs.

Latest returns netted over \$100,000.00. It is anticipated that the second phase of the drive will gain another \$150,000.00 to \$200,000.00 in contributions and pledges.

## Art Workshop At A. G. School

Dr. Charles Canon, Professor of the Art Department at Northern Illinois University, will conduct an art workshop at the Antioch Grade School gym from 9 a.m. to 3 p.m. on Friday, September 27th.

The program is designed for teachers. Grade school children will have a day off from their studies.

Other schools besides Antioch participating in this program will be Lake Villa, Grass Lake, Emmons, and Channel Lake.

A group of over one hundred teachers is expected for the full day program.

## Driver Nearly Gets Ducking

Apparently no one was injured in an accident on Route 173 in front of Charles Channel Inn at Channel Lake Tuesday night, but a motorist nearly took an unplanned dip in the lake.

When the dust from the collision settled, one car was perched precariously on the breakwater north of the bridge over the channel. A few more feet, and it would have been in Channel Lake.

James B. Stewart, 5200 Hubbard Ave., Aurora, was the driver of the car which left to road, dropped down a steep bank, and came to rest near the lake shore. He was leaving the parking lot of Charles Channel Inn when a car driven by Kenneth Crook of McHenry, driving west on Route 173, collided with him.

Jacob J. Thiel, 308 Johns Ave., McHenry, 71 years of age, a passenger in the car driven by Crook, was momentarily knocked unconscious and shaken up in the crash.

Stewart told sheriff's deputy Herbert Horton that he had looked both ways before pulling out of the parking lot and had failed to see Crook's car approaching.

## Parents Go Back To School For Evening

Next Wednesday, October 2, parents will return to school at Antioch Community High School for the evening.

"Back to School Night" is co-sponsored by the P.T.A. and Board of Education. Each parent attending will follow the class schedule set up for his son or daughter.

Secretary of State Charles Carpenter plans to attend the outing.

## Death Car Driver Lied

The mysterious "car with lumber sticking out of the window" which supposedly caused the accident in which two people died Sept. 8 was found to be a fragment of the imagination of Ernie Vester, Bristol, one of the motorists involved in the accident, after Vester was given a lie detector test.

Vester made a statement to sheriff's deputies after the test in which he admitted that there had been no car carrying lumber, and that he had been drinking. He was charged with reckless homicide, and is being held in the county jail.

Robert Bruce

Robert Bruce, 19, of 285 Ida Avenue, Antioch and the two-month old Christopherson baby died in the accident. Three other persons were injured.

At the time of the accident Vester said that lumber in a passing car broke his windshield, causing him to ram the rear end of the car driven by Bruce, which crossed the center line and collided with a car coming from the other direction.

Police became suspicious of his story when a witness, Herbert Breckenfeld, 733 Gaddes Ave., Winthrop Harbor, told them that Vester's car had forced his car and two others off the road while passing, just before the accident.

Vester admitted, after the lie detector test, that his car rammed the rear-end of Bruce's car, pushing it into the west-bound lane, where it collided with the Christopherson car. Bruce and Vester were both east-bound on Rte. 173, near Deep Lake Road.

Jane Anderson, Antioch, a passenger in the Bruce car was injured in the accident, also Sydney D. Christopherson, South Beloit, Wis., driver of the west-bound car, and his wife, Irene.

Robert Gene Bruce was the son of Mrs. H. Ivan Teague, and the stepson of Mr. Teague, a teacher at Antioch High School. He was born in Jefferson City, Missouri. His father, Charles Bruce, was a lieutenant in the Naval Air

## Athletic Field Ready For First Game

The new athletic field at the Antioch Community High School is ready for the first game to be played on it. Superintendent A. L. Dittman announced Tuesday.

The scoreboard has been converted, the bleachers are in shape and the football field is being marked off for Saturday's game against the Lake Forest Scouts.

Because the football field is so far from the buildings, special precautions are being taken in case there are injuries during the game. Mr. Dittman said. Two walkie-talkies have been provided by the rescue squad, connecting the field with the school office, where a phone is available to call the squad or doctor. Both the Rescue Squad and the Antioch Clinic have been alerted and will be available. The station wagon used by the school for Driver Education will be standing by to transport any injured player.

Special arrangements have also been made with the local police department, and chief Walter Scott has said an auxiliary policeman will be on duty at the field.

Quaker Industries Co. has agreed to allow patrons of the games to use the parking facilities at their plant. Mr. Dittman urges all to use the Quaker parking lot. No parking signs have been posted along Route 173 and McMillen Road. No parking will be allowed on these roads during the game.

## 'Whodunit' For Antioch

Have you seen anything suspicious lately? Palette, Masque & Lyre, Inc. may have some clues.

"Night Must Fall", a thrilling murder mystery by Emyln Williams, is scheduled to be the first production in their new theatre on Main Street in November. Crews have already been assigned to start work on cleaning and fixing up the former Lakes Theatre.

Try-outs for the show will be held at the theatre, 877 Main Street, Tuesday evening, October 1st, at 8:00 p.m. There are many excellent parts to be cast in this British play, from the cockney maid to the old lady in the wheel chair, and, of course, the inspector from Scotland Yard.

Ken Smouse, President of Palette, Masque & Lyre, urges everyone interested in any phase of the theatre to attend the auditions. He stressed that this is a community project and you do not have to be a member of the organization to appear in the plays or work on the production crews.

The play will be under the direction of Joseph Hunley, who holds a B.F.A. degree in directing, with a varied background in professional and community theatre. He formerly taught speech and drama at Columbia College. Mr. Hunley said that "Night Must Fall" runs the gamut of emotions and is a challenging vehicle for the actors.

## Car Need Washing?

The Salem M.Y.F. will wash your car for you—at a price, of course—anytime between 9 a.m. and 5 p.m. Saturday, Sept. 28.

The young people will be working at Hartnell's Standard Service in Salem.

Two Antioch residents are among the 237 exhibitors in the Town and Country Art Show from September 22-28 in the Architecture Building Gallery at the University of Illinois, Urbana.

## 3 Students Make Semi-Finals

Superintendent Albert L. Dittman announced last Wednesday that three of Antioch Community High School's students—Marlyn Gras, Jeffrey Ryan and Stanley Sutherland—have been named semi-finalists in the 1963-64 Merit Scholarship competitions.

The students became semi-finalists through their outstanding performance in the qualifying test, given in more than 16,500 high schools in the United States and its territories last March.

There are 13,000 semi-finalists. They must now take a second examination, be endorsed by their school and fulfill certain routine requirements to become finalists.

The architect reported that it was impractical to move the poles and lights from the old football field to the new one. The average life of a light pole, it was reported, is 20 years. That is the approximate age of the present poles. Many improvements have been made in lighting in recent years.

The Board toured the 1915, '27 & '52 portions of the school building and tested the lighting with a light meter. The lighting was found inadequate. The Building Committee will study recommendations for improving the lighting.

State Superintendent of Schools Ray Page extended full recognition to the Antioch Community High School for the '63-'64 year in a letter read to the board.

The Board entered into a contract with Satellite Service Co. of Chicago to supply four portable rest room units to be used in the new athletic area. The cost will be \$165.00 for the three scheduled football games.

The board also entered into a contract with the firm of Jeddle & Cain, accountants, to handle the school accounting. It was formerly handled by Margaret Moorman, who was employed by the board. The school will continue to handle bookkeeping for the improvement fund, and the student's activities fund.

Because more than forty boys turned out for freshman football, William Neuman was appointed to assist the regular coach, Gary Allen.

The board authorized a major overhaul of the 1958 school bus which recently broke down. They also entered into a contract with Donald Lubkeman to snow plow the drives and parking areas of the school.

President Robert Denman appointed two new committees—a Curriculum committee of chairman Richard Ripley, William Brook and Boyd Osmond, and a salary committee with Lorraine Cheetam, Roger Prossie and Milburn Cain.

The Board also approved contracts with Emmons School and Channel Lake School to carry students of those schools to and from school on the high school bus.

## Workshop for Teachers on September 27

Faculty members of 8 Lake County High Schools will meet September 27 for the second annual Teacher's Workshop. Sixteen departmental meetings will be held—eight at Wauconda and eight at Antioch.

Meetings will start at both schools with a 9 a.m. coffee hour, and end at 3:15 p.m.

The meeting has been approved by Superintendent W. C. Petty, so will count as a day of school.

The Workshop serves as an opportunity for teachers to exchange ideas and hear of new methods of teaching, according to A. L. Dittman, Principal of Antioch High School, and is intended as a challenge and stimulus to the teacher. Last year's meeting was so successful that it became an annual affair.

Departments meeting at Antioch High School will be Boys' P.E., Driver Education, Girls' P.E., Guidance, Instrumental Music, Mathematics, Science and Vocal Music, Art, Business Education, English, Foreign Language, Homemaking, Industrial Arts, Library and Social Studies will meet at Wauconda.

# Antioch's New Language Lab Aids Students and Teachers

"Painless learning", you might call the new foreign Language Lab at Antioch High School.

Equipment for the Lab was installed Tuesday, and used for the first time Wednesday.

When we entered the classroom Thursday, it looked much like any other classroom—thirty students sitting in rows, waiting for the teacher to start the day's work. Then the teacher told them to put on the headsets that are at each seat, and the classroom became something new.

The headsets are connected to a "tape recorder" on the teacher's desk. This was a Spanish class and Mrs. Betty Scott was the teacher. In his headphones each student heard the voice on the tape reciting a sentence or phrase in Spanish. The voice on the tape paused, and the student spoke aloud the words he had just heard, trying to use the same accent etc. he had heard.

The class speaks in unison, repeating the words heard in the earphones, but the teacher can select any individual to listen to separately. Mrs. Scott wore headphones, too. By means of a control board on her desk, she could "tune in" each student. The student's headphone included a microphone into which he spoke. Mrs. Scott could thus listen to him repeat the sentence, correct any error, and he would repeat.

The "control board" had 34 stations, or desks. This class had thirty students. Mrs. Scott switched from student to student as we listened.

We donned the earpieces ourselves to listen for a while. The voices around us faded into the background and the words from the tape recorder spoke clearly into our ears. Each of the tapes is made by a recognized speaker of

ASS'T. PRINCIPAL WARREN POLLEY tries out the earphones in the Language Lab while Mrs. Betty Scott listens to her students repeat the phrases they hear.

TELEPHONE OPERATORS? No, these are students of Antioch High, studying their Spanish lesson via the new equipment in the Language Lab.

## County Board Votes

The County Board approved two resolutions last week — to remove the ceiling on the amount of money that could be advanced to the Public Works Dept. by the board, and to remove the limit on the length of time the Public Works Dept. could take to pay the money back to the General Fund.

The resolutions were approved by a vote of 25-9.

The vote tally has a monotonously familiar sound. It seems incredible that these same individuals, repeatedly, on every question which comes to a vote before the County Board, could find themselves in such perfect agreement.

Yet, time after time, and year after year, we find the same men on the County Board voting together.

The supervisors are elected to represent their own townships. The interests of those townships are often widely divergent. Even taking into account the obligation of the supervisors to consider the welfare of the county as a whole, it would seem reasonable to expect a varying split of opinion on varying questions.

Lou Durkin has commented in this week's Courthouse Notebook on the summary dismissal of discussion on the Public Works question by the Board Chairman, Robert Dickson. We have heard two veteran political observers comment bitterly, in the last week, on the futility of attending County Board meetings to keep informed on matters coming before the board.

Are too many county matters being settled in the "smoke-filled back rooms"—or over cocktails? Too many votes being traded? Maybe if every County Supervisor voted only for the projects which would benefit his own constituents, or for the bare necessities of County government, the taxpayer could hang on to some of his money.

## Letters to the Editor

A beautiful woodland area, which was once the camping grounds of the Pottawatomie Indians on Waukegan Road, near Half Day Road, in West Deerfield Township, is being reconsidered as a forest preserve site by the Land Acquisition Committee of the Forest Preserve Commission.

Kenneth Henke, of Zion, is Chairman of this Committee and residents of southeastern Lake County hope that Antioch area residents will join in an urging that this committee not only recommend "redesignation" of this site, but also an early purchase.

Your letters must be written immediately, as this Committee will report to the Forest Preserve Commission on Tuesday, October 1.

We believe that the Commission showed excellent judgment when they picked this tract as one of the ten most desirable for a forest preserve in Lake County. We think that somebody gave them a "bum steer" when they reported that price would be more than the taxpayer's pocketbook could afford.

The county appraiser's report of an average cost of \$2,500 per acre is realistic, in view of the purchase of a less desirable site along the DesPlaines River in June at \$2,000 per acre, and the purchase of property further east by the Park District of Highland Park at \$2,000 per acre.

In addition to the historic significance of this 198 acre tract, it is one of the few desirable unsubdivided sites in this area, which has been kept in its natural state. More than ten acres is virgin forest, with several varieties of oaks, which are over 200 years old. Unusual flora and fauna are to be found along the slough, and it is the habitat of many species of birds.

Boy Scouts have had a Conservation Camp and cabin here for the past fifteen or twenty years.

From the standpoint of the public interest and to safeguard public health and safety as well as property values, it is important to acquire this site for a forest preserve because a large part of it is low lying and subject to periodic flooding. It could serve as a natural flood basin and prevent the kind of disaster which came to Libertyville Estates, where buildings were erected under similar circumstances.

Other members of Mr. Henke's committee are: Roland J. Sandee, vice chairman; Edward Tiede, Joseph Scassellati; E. Kenney Harlan; Clarence Voras, and C. Robert Whiteside. Taisto Aho is Chairman of the Forest Preserve Commission. All of these public servants can be reached at the Lake County Court House, Waukegan.

Won't you join other Lake County residents and urge that we preserve this Indian Camping site for future generations so that they can tramp the trails and learn the early history of Lake County? Do it today — as October first is the deadline.

Sincerely,  
Lucile Lorlee

## ARROGANT MAJORITY

An argumentative, obstructionist minority can be an annoying and irksome group, but a domineering, arrogant majority can be a fearsome force that can pervert a good idea or project into something suspect by the method in which its adoption is pushed through.

This was brought out rather forcibly last week during the "deliberations" on the amendments to the county Public Works Department enabling resolutions which removed all ceilings on the money that can be advanced to the department from the county general fund and eliminated any time limit on repayment of the advances.

Now it so happens that this reporter favors the concept of a county PWD as the most efficient and best means of controlling and settling area-wide problems of pollution, flood control, water supply and sewage disposal.

This corner also recognizes that adequate funds are needed to operate the department, make studies, and develop necessary projects.

There are still some unanswered questions about such a department, however; questions that one can't reasonably expect to be answered objectively by any county board member who is wholeheartedly committed to establishment of the PWD.

That's why we are a little disturbed when advocates of the plan gang up to eliminate questions and discussion of the department initiated by the noisome minority.

Board chairman, Robert Dickson was quick to invoke board rules limiting debate on a subject by Frank Peers, of Deerfield Township, when the shore line gadfly used up his 10 minutes, but he declined to recognize the rules when another speaker, John Balen, of Waukegan, sought his legitimate discussion time.

It is doubtful if either board member would have shed new light on the subject and certainly their remarks and questions would not have changed the voting that was easily foreseen.

However, Mr. Peers and Mr. Balen were elected to the County Board of Supervisors by the voters of their townships and as such represent these voters.

When the ruling majority of the board muzzles these board members, refuses to listen to their views, and dis-

regards them because they are "trying to make trouble" the whole fabric of representative government is weakened.

The floor of the board is a proper place for discussion of any subject or project under consideration and if the board rules provide two 10 minute periods for each member to discuss the subject it is incumbent on the presiding officer to give each member his time.

And it might not hurt, on occasion, for majority members to listen to opposing views on the wild chance that "those other guys" just might have something worthwhile to offer.

It has been a most political fortnight with more to come in the next few weeks as thoughts turn to the April GOP primary in Lake County and the state.

Max Wildman, of Lake Bluff, holds a party for precinct committeemen at his home and it is assumed that he is considering seeking the nomination for Congress, but along comes a news release from his camp indicating that this isn't the only office that he is considering.

The Cuber Township GOP holds a party for Supervisor Joe Welch at which Cong. Bob McClary is the principal speaker and in the audience are State Senators John Graham, of Barrington, and John Meyer, of Danville, candidates for lieutenant governor and secretary of state, respectively.

Sen. Meyer, who is being pushed by State Sen. Robert Coulson also appeared at the GOP golf outing at Chevy Chase and at Elmer Wolff's recent Corn Roast.

Sen. Coulson, incidentally, will be feted at a banquet at the Illinois Beach Lodge Nov. 12 in recognition of his long career as a public servant.

And another golf outing is planned for Oct. 2 this time at George Diamond's with the Antioch Republican Clubs honoring Sheriff Charles L. Larson.

And in the background is recurring discussion about the future political life of Probate Clerk Hugo L. Schneider Jr., whose office is eliminated by the blue ballot amendments.

Many people apparently feel that Schneider is too strong a political figure to wither as an Associate Circuit Clerk and wonder what his future plans are.

One of the dramatic success stories of the last two years has been the stepped-up performance of the Illinois Liquor Control Commission, an unheralded but important agency that plays a key role in the continuing battle against crime.

Shortly after I took office, I began to receive complaints about the failure of the commission to vigorously enforce the laws of the State of Illinois in addition to its own rules and regulations. I reorganized the agency and notified it that I would accept only a top effort.

I particularly emphasized that it was their duty to stop the sale of alcoholic beverages to persons less than 21 years of age, to stop gambling on the premises of liquor licensees, to stop solicitation of prostitution and solicitation of drinks by women patrons and to prevent known hoodlums and persons of unsavory character from obtaining a state liquor license.

The result speaks for itself. The commission members — Chairman Howard Cartwright, Leo Nelson and Sam Ruben — have revoked or suspended more than 1,500 liquor licenses in carrying out their duty. In one year they initiated and handled more than 18 times as many cases as the previous commission.

In the fiscal year that the commission began its crack-down, a total of 988 Illinois liquor licensees applied for federal gambling stamps in direct violation of a long-standing commission rule.

This year, because the commission sought out and punished violators, that number dropped to 10. In addition, the commission began a drive to make liquor licensees pay

The Channel Lake PTA met September 18th in the school gym. This meeting's purpose was the introduction of the parents to the years new officers, teachers and school board members.

The officers for the year are President, Dorothy Enzenbacher, Vice-Pres. Marvin Vestal, Treasurer Lorraine Lemke, Historian, Barbara Bjork, Parliamentarian, Myrna Jungman, Louise Gutowski was elected secretary at the meeting upon the resignation of Joyce Waters.

The president announced that the members were still working on the school library project and it would be finished within the week.

Getting acquainted over coffee and cake followed the meeting.

The PTA meets the third Wednesday of every month. All parents of school children are urged to attend.

Fred Freitag and Ruth Brogan were married September 7th in Waukegan. Mr. and Mrs. Paul Claesson, former Channel Lake residents, attended the couple. Fred is the son of Martha and Loren Kimmey.

The Women's Blubber Club meets every Thursday evening at 7:30 p.m. at the Channel Lake School Gym. All women in the school district are welcome to attend.

You will be receiving information on which side of the street to locate your mailbox from the post office. It speaks well for the West Miltmore Civic Association that they have continued to work for the community, even to the extent of thinking of the many long walks that had to be taken to the mailbox in the winter snow and ice to get the circular that was left. Now the furthest we'll be hiking is just across the street.

Boy Scout Troop 88 will be holding its meetings under the leadership of the Troop Committee until a regular scout master can be found. They meet at the Venetian Village Community Center on Mondays at 7:30. It isn't necessary to have a boy in scout to become active in its leadership, so if there are any men who would like to work with these young men in scouting, stop by the meeting hall or call Mr. Robert Hammit at EL 6-5583.

## THE ANTIOCH NEWS

Two things to consider during night driving, says the Chicago Motor Club, are your eyes and your car lights; practically everything depends on one of these factors, or both. Many nighttime accidents are caused by over-driving your lights. By the time a driver sees that he must make an emergency move, he is beyond the point where he can do it. "A good rule: Drive two-thirds as fast at night as you would during similar daytime conditions."

One tourist to another: "We took it out of the First National of Duluth and deposited it in the Left Bank of Paris."

Baby-sitter to returning parents: "He went to bed at eight o'clock, 8:50, 9:30, 10:11, 11:15 and midnight."

Horried at seeing a customer tuck a napkin into his shirt collar, the head waiter at the very exclusive restaurant approached him and asked pointedly, "Shave or a haircut, sir?"

One secretary to another: "You'll love it here... once you accept the fact that there's absolutely no chance for advancement, raises or marriage."

# Why do builders install Gas heat in 99 out of every 100 new homes?

Obviously, builders know what features appeal most to home buyers in the area we serve—and gas heat is the heat! This overwhelming preference for gas heat establishes beyond question that no other type of heating gives so much satisfaction. No other type of heating is cleaner, or offers greater comfort and convenience—for anywhere near the low cost of gas heat.

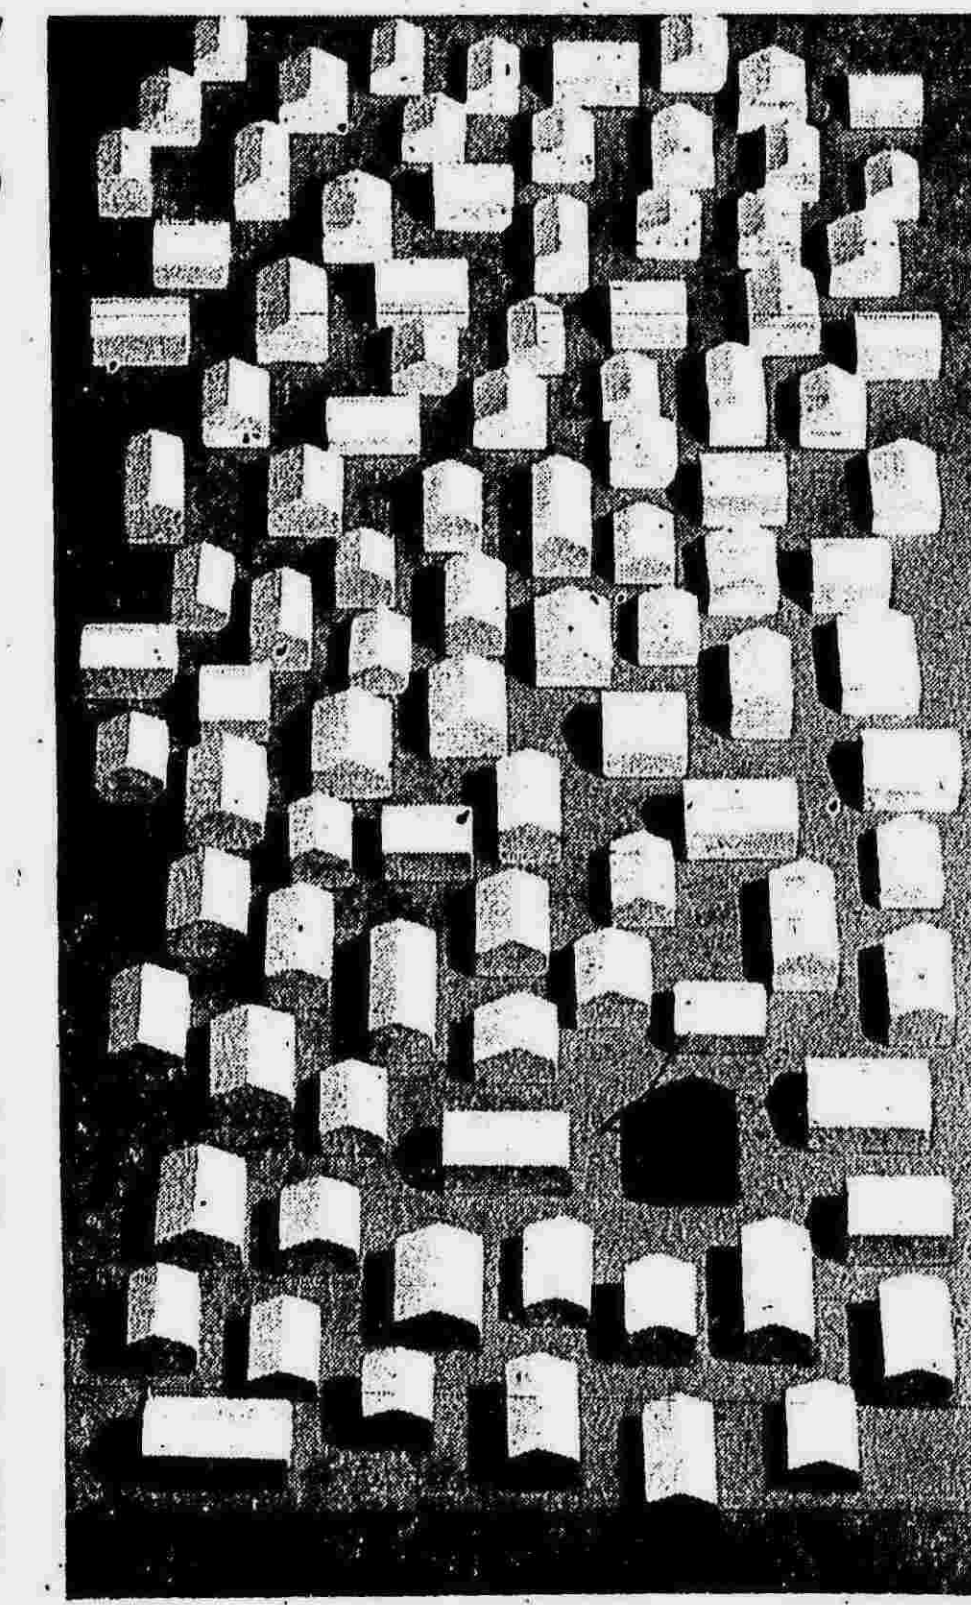

The simple facts are these:

- **Gas heat saves you money.** It's your biggest heating bargain. In fact, other types of heat can cost up to 3½ times as much!
- **Gas heat is more convenient.** Proper balancing of the distribution system and the setting of a single thermostat are all you need with gas heat. Set it, and forget it... no need for "policing" individual thermostats, room by room.
- **Gas heat is more comfortable.** Gas heat gives you the gentle circulation of fresh, healthful, humidified air; plus filtered cleanliness and speedy response to your desires for a change of temperature.

Special Northern Illinois Gas Co. Plaid Stamp offer for owners of homes without gas heat

# Sequoits Lose Bid For Second Win

## All - Out For Tough Game Saturday Against Scouts

The Antioch Sequoits made a strong bid for their second victory of the season Saturday at Grayslake only to fall short by 7 points. Losing 12 to 6 the Sequoits controlled the ball throughout most of the second half, deep in Grayslake territory, but could manage only one TD.

Grayslake opened the scoring in the 1st quarter when they drove 74 yards, capping it off with a 2 yard scoring play by Lester Goza. The drive took 10 plays including one called back for a clipping penalty. Goza did the heavy work, accounting for 44 yards. The point after touchdown attempt was blocked by Jeff Gates.

Neither team was able to mount any kind of offense drive for the remainder of the half and the score read 6 to 0 at intermission.

Grayslake took the kickoff to open the second stanza and brought it out to their 30 yd. line. On the first play from scrimmage John Ivester smashed through right tackle and scampered 53 yards for Grayslake's second TD. Jeff Gates again crashed through to block the point after touchdown attempt.

John Lear took the kickoff on Antioch's five yard line and returned it to the 26. Wally Henning, taking over at the quarterback spot, tossed to John Morgan good for

pass to Jeff Gates good for 39 yards.

Paul Lindblad was the workhorse of the Sequoit rushing attack as he carried 10 times for 72 yards. The Sequoits gained 136 yards via the air route with Lear connecting on 4 out of 10 attempts for 29 yards and Henning hitting his target 6 out of 11 times for 107 yards.

The Sequoits out gained the Rams, picking up 214 yds. to 173. The Rams had the edge in the rushing department as they picked up all their yardage on the ground to 78 yards for Antioch. Grayslake passed four times, failed to complete one and had one intercepted.

Antioch picked up 3 yards in penalties to 10 yards for Grayslake.

Coach Roy Nelson had high praise for Terry Schneider for his work on the defensive unit.

The Sequoits will meet the highly vaunted Lake Forest Scouts Saturday on their home field and will be out to break Lake Forest's 32 game victory string. The Scouts have won their first two games and the Sequoits would like nothing better than to get back on the winning trail with a victory Saturday.

GATES MAKES a desperate effort to snag this pass. He missed this one but Wally Henning and John Lear connected on 12 of 21 aerials and 136 yards before the afternoon was over. Gates and John Morgan were the prime target.

JEFF GATES (32) dives for an extra couple of yards Saturday against the Grayslake Rams. Antioch lost 12 to 6.

# Simon Repeats Win In Fishing Tournament

Lewis Simon of 914 Main St., in Antioch, set a record in Illinois state fishing championship tournaments that will be hard to beat in coming years.

Simon, 24, who first heard about Illinois angling tournaments this year, decided to try his hand in them. He won the state singles crown last Sunday (Sept. 22) and shares the Mr. and Mrs. title with his wife, Sharon, 21.

The Simons took the pairs title last month.

Both meets were held on Channel lake and Lake Katherine in the Chain O' Lakes, where Barney Shunnesson, operator of the Channel Lake Boat House, sponsored the meets to choose a state representative in the World Series of Fresh water fishing individual and Mr. and Mrs. meets.

Shunnesson said: "Simon and his wife will make good representatives for our state in the two national meets on Bull Shoals lake, Ark., where some of the country's anglers will gather to decide the 1968 World titles. I wish both of them well."

Simons, who sells cookies and crackers for the Supreme Bakers in Melrose Park, was a bit troubled after winning the title. He said:

"It would be easy for me to get time off to fish with my wife in the Mr.-Mrs. event Nov. 1-3, but trying to get 10 days leave, or vacation time from my boss might create some problems. But I'm sure Supreme will be happy at knowing that one of its employees has become a champion."

Ray Gray, outdoors writer for Chicago's American, presented Simon with his trophy Sunday evening at the conclusion of the day's competition.

Simon caught three black bass, which earned for him 51 points. He was 15 points ahead of second place finisher, Conrad Verges, a Melrose Park lawyer. Verges caught one northern pike.

Bill Hoffman of Evanston, the 1960 inaugural meet titleholder, was third with 25 points for one northern.

Don Nichols of La Grange Park, deposed champion, was ninth with 17 points on one black bass. After the finish, Nichols, walking up to Simon, said:

"Congratulations, Lew. You're a fine angler and I'm sure you'll do well on Bull Shoals in the World Series."

Thirteen of the 29 finalists caught fish. Angling, however, was considered slow. With the exception of the new champ, the other 12 caught one fish apiece, either a northern or bass.

Besides the title trophy, the other top nine finishers received awards, all donated by Shunnesson. The latter also will provide the traveling expenses for the Simonses to and from Bull Shoals. Upon their arrival at the World Series site, the handsome Antioch couple will be the guests of Everett Crow of the Crow-Barnes resort.

Crow is hosting all state champions.

Other anglers, wishing to enter the World Series, may do so by paying an entry fee

## BOATING WITH BOWMAN

By Hank Bowman  
(Courtesy Sequoit Harbor)

### THE GENTLE ART OF DOCKING

Several years ago my wife and I were returning to New York City on a large cruise ship. Scuttlebutt was quickly confirmed that there was a tug strike in New York Harbor.

Passengers formed pools, betting whether the captain could successfully dock the huge ship at her berth without the help of tugs.

To the disappointment of those who laid their money on the destruction side of the board, our skipper brought his unwieldy craft in unaided as though he were docking a 16-foot runabout.

The captain had studied wind, tide and current carefully. He maneuvered into the proper spot at the right time so that all three factors worked for him.

A knowledge of the basic principles of the effect of propeller rotation, rudder, wind, tide and current will help any small boat handler. All power boats steer from

of \$25 for each the singles and husband-wife events, plus all other expenses.

Harold Smiley of Round Lake Park, the 1961 champion, and Bob Lang of Ingleside, who is an exceptionally fine fisherman, are planning to enter the World Series.

Lang said to Simon: "We had better enter, so you'll have some tough competition."

Simon, who normally uses either plastic or rubber night-crawlers to catch his fish, switched in the singles meet to the Johnson silver minnow with pork rind. He explained this move:

"I knew with rough water and heavy boat traffic, the bass would be back in the channel (north end of Channel lake) and it's here where I would find them. To fish this heavy choked area, a spoon, such as the Johnson (weedless) would fill the bill. I'm glad I made the switch."

the stern. When the wheel of a boat is turned to the right the stern swings to the left.

The bow will move in the direction of the wheel's turn. The stern, instead of following docilely in the path of the bow as the rear wheels of an automobile follow the front wheels, will swing in the opposite direction like a car skidding broadside.

Any boatman should take this into consideration and not delay too long in steering away from an obstacle or the stern of his boat may clobber it even though he clears it with his bow.

Inboard helmsmen should be particularly aware of the direction of rotation of their boat's propellers. A right handed propeller is one which, viewed from the stern, turns in a clockwise direction.

Inboard boats so equipped will usually back down to the left, the stern moving to port, sometimes despite rudder position.

Left hand rotating propellers will cause an inboard to be to starboard in backing.

Judicious use of the throttle can offset this steering shortcoming of the single-engine inboard. For example, in a boat which is difficult or impossible to back to starboard, give the boat hard left rudder, then rev the engine for just a second in forward gear. This will kick the stern in the desired direction without giving the boat headway. Then back down.

Both wind and current can give an alarming momentum to a boat. If you are broadside to the wind and current, there is no means to brake their action so have fenders ready.

Whenever possible a docking approach should be made against the effect of wind or current, whichever is stronger, preferably against both.

If you must dock with wind and current adding to your momentum, come in slowly with wind and current astern. Use your engine in reverse gear as a brake.

## Falcons Rock Rockets

By John Hansen

Salem Central's offense, which has had a hard time moving the past few years, finally shook the cobwebs loose with a resounding 50-0 thumping of the Richmond Rockets.

Throughout the game the Falcons ran at will through the small Rocket line. The Falcons passing attack couldn't move the ball so they stuck to the ground. Coach Roger Terry let every one play but it made little difference; the Rockets were simply overwhelmed by the victory-hungry Falcons.

Joe Flaschner started the scoring parade with a 7 yard jaunt early in the 1st quarter. Mike Herth booted the extra point. After Salem kicked off the Rockets almost tied it up on their first play from scrimmage.

Quarterback Jim Lay tossed a long pass to end Dave Carlson, who was wide open with only the end zone in front of him, luckily the pass was overthrown. This was Richmond's only "threat" of the game. The Falcons took over and proceeded to pick the middle of Richmond's line apart. Senior Ray Nosko set up the second touchdown by bulging up the middle for five yards being stopped only a half yard from paydirt. On the next play Flaschner popped over for the TD. Herth added the extra point to make it 14-0 as the quarter ended.

The second quarter saw the Falcons continue their strong ground game. This drive saw some fine open field running by Jack Schaffer. Schaffer shot up the middle to the 10 yard line. At this point the spunky Richmond defensive line held for two plays. Schaffer then jitterbugged to the 3 yard line and Flaschner scored on the next play. The point after was no good, making the score 20-0.

The Rockets were forced to punt again and the Falcons were pounding on the touchdown door as Greg Klenko skirted right end. The gun sounded with the Falcons less than 5 yards from paydirt.

The Falcons first sustained drive of the 2nd half saw Ray Nosko and Greg Klenko maneuver the ball into scoring position. Nosko drove up the middle to the ten. Klenko was stopped just short of a TD but a holding penalty moved the ball back to the 25.

Larry Zirbel carried to the 22. Klenko carried to the 13 and Nosko scored on a pitch-out. Herth's point after was good, making the score 27-0. Before the Falcon offense could catch its breath the defense had recovered a fumble. The offense quickly capitalized with Klenko scoring on a 20 yd keeper.

Herth again added the point after to make it 34-0. Richmond took over on the 42 yard line after the kickoff and lost 16 yards on the next 3 plays. Lay recovered his own fumble at the line of scrimmage, he was then thrown for a 6 yard loss trying to pass, and on third down Lay was dumped 10 yards behind the line by Tom Lois. After the confused Rockets punted it took Salem only 2 plays to score.

This time Jack Schaffer scored on a 2 yd. scamper. The point after was no good. Going in to the fourth and final quarter it was 40-0.

The defense forced Richmond to punt again and Ron Gilmore returned it to the 50. The reserve offense moved the ball to the 10 where it was first and goal. Rather than score another meaningless TD, Coach Terry decided to test placekicker Mike Herth in field goal accuracy. His kick from the 20 was good so the Falcons settled for 3 points instead of 7. With only a few minutes left Salem led 43-0.

Deep in its own territory Richmond tried a quick kick. It was a poor kick that rolled dead on the 50. Crumbliss rambling to the 30 and Gilmore covered the final yardage on a 10 yd run and a 20 yd. TD stroll. Herth's extra point ended the night's festivities at 50-0.

The high powered Falcon offense ripped off 372 yards rushing, good for 18 first downs. The Falcons never had to punt. While the offense got all the attention, Salem's defense, consisting of Denny Remus, Bob Hofer, Hector Velasquez, Bob Shotanus, and Mike Herth held Richmond to a fabulous minus 12 yards rushing.

Ron Gilmore led the rushers with 105 yds and 1 TD. Greg Klenko had 100 yds and 1 TD. Joe Flaschner ran for 63 yards good for 3 TD's. Jack Schaffer gained 61 yards and one TD, and Ray Nosko 31 yds and 1 TD.

DON'T CROSS BRIDGES UNTIL YOU COME TO THEM — BUT IT IS ALRIGHT TO LAY DOWN A PONTOON AHEAD OF TIME.

SO NOW COMES THE SEASON FOR PREDICTIONS — we're gonna have a mild winter hereabouts, although they

are going to get it good and cold farther north. Who says? Our leader, Dick Waters. And how does he know? Dick reads corn husks (that's right — c-o-r-n-h-u-s-k-s) like gypsies read tea leaves. And the verdict is not so cold as last year. I'm inclined to go along with this long range prognostication. Not because corn husks are all-wise — they just might be more candid and forthright than some Lake Michigan perch who've been shooting off their big fat mouths and missing by a country mile. Take a back seat for the corn husks, Mathon. After last winter's debacle don't make even a peep.

The guy who complains about the way the ball bounces was probably the one who dropped it.

## Hospital Benefits From Exhibitions

Genial Pat Patterson spent his Sunday coaching Antioch Bowl patrons, and bowled two exhibitions, one in the afternoon and one in the evening.

Pat couldn't get going on the Antioch lanes. In the afternoon, he teamed up with Roger Hallway and was defeated by the team of Chuck Moran and Bob Kraft.

In the evening, Moose League bowling was halted between the first and second games, while Pat bowled in a two-game match against Ray Atwood. Both bowlers had trouble, with Ray winning the first game and Pat the second. Georgette De Rosa supplied a running commentary for the match. Midway of the last game she announced that

owners Mike Schamberger and Jack Sampayo would donate \$5.00 to the Country Club Hospital fund for every strike Pat could get. \$15.00 was the best Pat could do for the fund. However, \$60.00 was collected from the audience. Dr. W. C. Petty and Edmund Vos were present to thank the audience for the donations.

A.M.F. representative Jack Laner supervised the drawing for bowling bags, donated by A.M.F. Winners were Donald Olson, Estelle and Paula Larson.

Georgette De Rosa aided women with instructions throughout the afternoon, also, but was unable to take part in the bowling herself, due to the recent birth of her baby.

in the "back room" of his bait and bull foundry. He's got a slip where nothing but stud bluegills take the bait. In Ed's book, anything that can be impaled on a no. 14 hook is a stud. (English translation: big) That loud noise in the background is Vic Paulus snorting.

Has it ever occurred to you that right now there may be several million people on Mars who don't brush after every meal?

If you experienced an unusual amount of interference on your TV Sunday nite, it was due to a spectacular display of Northern Lights (Aurora borealis, girls). There are several theories extant on what causes them (I'll not bore you with 'em) but the fact remains that the lights never fail to fill me with awe—the hand of the Deity.

Most people fail to see them, perhaps, because they don't look up at the sky at night, or are indoors when they occur.

I saw them for the first time in 1940, while fishing for bass, on Horseshoe Lake, near Mlinong, Wis., with my buddy Ralph Meyer. This lake was loaded with largemouths (big ones) but they wouldn't hit during the daylight hours. That's why we were out after dark. The lights were so bright one night we could actually see as good as though it were day. There was another first for me on this trip. While admiring this phenomenon and fishing away like mad in the still of night, a loon let loose with his weird cry, nearby. The marrow froze in my bones. If you've never heard this blood-curdling scream in the middle of the night on a placid northwoods lake, then you haven't been frightened. We didn't get off the lake right then—we couldn't move.

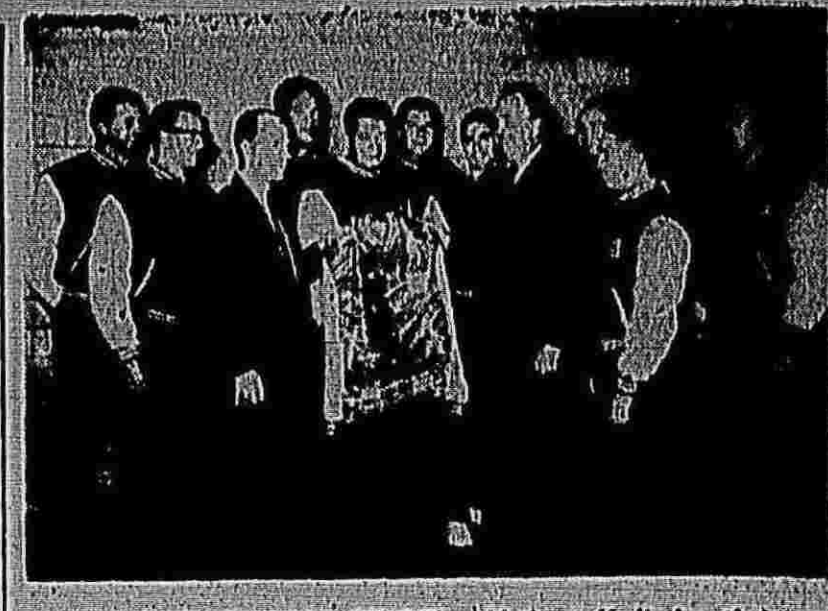

This girl was complaining to her parents about her husband's drinking. Why did you marry him if you knew he drank so much? asked her maw. I didn't know he drank at all until he came home sober one night.

CALLING ALL BIG SHOTS—The Lake Region Sportsmen's Club are having a shurkey toot — oops — turkey shoot, Sunday, September 29th, from 8 a.m. 'til 8 p.m. at the Lake Villa Go-Kart Track (next door to Marty's Club Villa) three miles south of Antioch on 21-83. This club is made up of young bucks from the Antioch and Wildwood environs and their aim is to restock farms in the area that need it, according to Allan Seymour, my informant. Shells and refreshments too, yet.

## Turkey Shoot Sponsored By Ducks Group

Lake County Chapter of Ducks Unlimited will hold their annual turkey shoot Sunday, October 6th, at the McHenry Sportsmen's Club, chapter chairman Ben Shostak announced.

Plump young turkeys and ducks will be the prizes upon which the meat hunters will train their sights. Shooting will start at 10 a.m. and continue until the last gunner has had his "pots" at the clay birds. There will be 150 turkeys on hand for the participants to cart home, while at the same time sharpening up

their "shooting eye" for the upcoming hunting season, said Shostak.

All of the net proceeds will be used by Ducks Unlimited to continue their work to preserve the waterfowl population. In less than twenty-five years this organization has created more than 5,000 miles of waterfowl breeding shoreline while establishing control over one million acres of water for DU projects, plus another million acres of marshland breeding areas. They established 650 duck

factories to raise ducks, and planted thousands of acres of food for them to feed upon. This required construction of over 700 dams and other water control structures. This, more than anything else, assured that the waterfowl of this continent would not become extinct. This was a frightening possibility in 1930.

High dignitaries of the national organization will attend this meet, so great is the interest that has been shown. Included in this group will be Al Ries, national trustee, Richard A. Ashton, Illinois State chairman and Rush Diller, Chicago chairman.

Bill Brook and Jim Carlson will be in charge of registrations and non-shooters are invited to watch the shoot-offs. There is no admission charge and parking facilities are more than ample.

## Free Boating Class

Free boating classes will start Wednesday, October 2, at Grant High School at Fox Lake.

The Chain O' Lakes Power Squadron, a unit of the United States Power Squadron, is conducting the classes. Some of the subjects covered will be Rules of the Road, Seamanship, Small Boat Handling and many others.

Club is located on the southwest shore of Platteau Bay which is on Platteau Road, three miles west of highway 12 on Big Hollow Road. Direction signs pointing to the club will be posted at various intersections in the area. Additional information regarding the shoot may be obtained by calling Shostak, or by writing to him in Antioch.

## Rescues Pet, But What is It?

Mrs. Lindi (Pia) Orsi of Rosebud Lane, Cross Lake, is puzzled. She has a pet bird and she doesn't know what it is.

The bird fell from its nest near the Orsi's chimney onto their cement patio last May 30. It was a tiny, featherless mite, with closed eyes and a beak that seemed to be always open for food.

Mrs. Orsi took it in, wrapped it in cotton, and undertook to feed it. Her husband, Lindi, dug worms. Bit by bit, and almost constantly, she fed them to the fledgling.

He survived, and she varied his diet as he grew. He became a pet, following her about the house.

Now he's almost fully feathered. His feathers are black, with a shading of brown and white feathers in the wings. He has a long, sharp beak. He twitters, at times squawks, and tries to whistle with music on the TV.

Pretty Boy — or maybe it's Pretty Girl — follows Mrs. Orsi around the house. He strolls around the yard with her, and returns willingly to the house. The Orsi's dog, Smoky, is jealous of the attention Pretty Boy receives.

She's stuck with her pet bird now, says Mrs. Orsi. Hand-raised, he couldn't cope with the outside world. The Chinese believe that when you save a life, you assume responsibility for that life. Pretty Boy has put Mrs. Orsi in that position.

The Orsi's have had a home at Cross Lake since 1941, and moved there permanently in 1959.

## Junior College Report Ready

A copy of the report of the recent survey of Lake County in regard to the possibility of establishing a Junior College here has been presented to the Antioch High School and is available for study.

The report was presented to the school by the Lake County Community College Assoc. Any adult wishing to read it will find it at the school library.

The petition asking that a referendum be held on the establishment of a Junior College in Lake County has been presented to Dr. W. C. Petty. The petition bears 2,070 names. Only 500 are needed.

Members of the Junior College Assoc. hope that Dr. Petty will call for a referendum by Dec. 14.

Eleven high school districts, including Antioch, are members of the Junior College Assoc. Lake Forest, Highland Park and Barrington are not included in the proposed College District.

Outboard engines are designed to run at 100 percent of rated brake horsepower all the time in contrast to airplane engines, which are designed to run at 75 percent of rated power continually and auto engines, which are designed for 20 to 30 percent of full horsepower in day-to-day driving the Outboard Boating Club of America reports.

## Expect great things from Chevrolet again-for '64

## Today...Jet-smooth Luxury '64 CHEVROLET

Chevrolet was luxurious before, but you should see it now. With smart new styling, the '64 Chevrolet looks even longer (but isn't). There's even a whole new series this year—the Impala Super Sports—with front bucket seats

as standard equipment. (The new Impalas and Bel Airs are more luxurious, too. Even the lowest priced Biscaynes have new foam-cushioned seats front and rear and are fully carpeted.) Of course, you expect more than just

luxury from Chevrolet. A choice of 16 power teams, for instance—a 6 and six V8's up to 425 hp. (optional at extra cost). And quieter transmissions. Jet-smooth ride with Full Coil suspension. Flush-and-dry rocker panels, Delco-

tron generator, self-adjusting brakes and other low-keep features. If you've ever wondered how luxurious Chevrolet could get—with all the extra-cost options there are to choose from—that's entirely up to you.

## Take your first look at the first CHEVELLE!

## CHEVELLE! by Chevrolet

You've never seen anything like this totally new line of cars before. Chevelle is new in everything but Chevrolet quality. Chevelle is a good foot shorter than the big cars, so it parks easily. Yet the interior of its Body by Fisher gives you a generous

supply of passenger and luggage room. The ride is surprisingly smooth with a rugged coil spring at all four wheels. And not so surprisingly for Chevrolet, the new Chevelle offers a choice of engines ranging from an economical 120-hp 6 to a 220-hp

V8 (optional at extra cost). Choose the Chevelle you like best from the three series—the Malibu Super Sport, the Malibu and the 300 Series, eleven models in all—at your Chevrolet dealer's. (This good-looking Malibu Super Sport maybe?)

## Engagement Announced

Mr. and Mrs. Bill Howard, 981 Victoria St., Antioch, announce the engagement of their daughter, Fran, to Daniel H. Schmid, son of Mr. and Mrs. Fred Schmid, Chilton, Wis.

Miss Howard is a graduate of Columbia Hospital School of Nursing, Milwaukee, where she is employed. She lives at 2105 E. Newport in Milwaukee.

Mr. Schmid is a graduate of Milwaukee Institute of Technology and is employed as a chef at the Wisconsin Club in Milwaukee. He lives at 2121 W. Wright St., Milwaukee.

The wedding is planned for next May 9 at Immanuel Presbyterian Church in Milwaukee.

## Attend Wedding

The LaVold Crawford family, Grass Lake Road, Antioch, attended the wedding of Miss Mary Anderson (formerly of Antioch) to Mr. Charles Lehmann of Fox Lake, on Saturday, September 21st. The wedding was held at St. Bede's Catholic Church, Fox Lake, with the reception following at the Round Lake VFW Home.

## W.S.C.S. Meeting

Mrs. Harland Greenfield, past president of the board of Newberry Avenue Center, will be the guest speaker at the meeting of the W.S.C.S. starting at 12:30 a.m. on October 2.

The Newberry Ave. Center is a neighborhood center maintained under the auspices of the Women's Division of Christian Service and the Board of Missions of the Methodist Church.

Devotions will be by Mrs. Arthur Meierdick, Jr. Hostesses for the afternoon are the Alice Circle, and the co-chairman are Mrs. W. C. Petty and Mrs. Robert Gaston.

Eddie Jahncke

Cadet Edward Jahncke, Jr. is starting his third year at the Onarga Military School, Onarga, Illinois. He has already begun his year with several honors. He received the bronze, silver and gold medals in sharpshooting, was elected Class Secretary, selected to be a permanent member of the "crack" Color Guard by the military faculty, and is on the staff of the school paper, the "Onargony". Last spring, he won a medal as 3rd place winner in a large Tri-County Track Meet. Although Ed, Jr., attends a military school, they compete with other Illinois high schools in all the major sports.

Cadet Ed is the son of Mr. and Mrs. Edward H. Jahncke, Sr., of rural Antioch.

## To Conduct Mission at St. Peter's

The Rev. Martin J. Hegarty of the Diocesan Missionaries will conduct a mission opening September 20 and closing October 5, at St. Peter's Church.

The Rev. Alfred J. Henderson, pastor of the parish is sponsoring the mission.

Father Hegarty preached missions and retreats in many parts of the country. Throughout Chicago, he has given many retreats, and missions, Pre-Cana conferences, and days of recollections for high school students.

It is the wish of Father Henderson that every Catholic in the parish attend the mission. All others who are interested in the teaching and practices of the Roman Catholic Church are invited.

A mission is a course of spiritual exercises conducted by specially trained missionaries.

The object of the mission.

Rev. Martin J. Hegarty, according to Father Henderson, is to help the fervent become more fervent, to bring souls back to God, to help the weak, to raise the fallen, to convert the sinner — in a word, to strengthen all in virtue and bring upon all the blessings of God. Above all, a mission is for those who are satisfied with themselves.

The services will commence at 7:45 p.m. Sunday, September 29. The evening service will last only one hour. The daily Masses will be at 6:30 and 8:00 a.m. in the Church. A short mission instruction will be given after the mission Masses. Confessions will be heard every evening after the Mission Services; again in the morning after the mission Masses.

The Baby Blessing for all children of pre-school age will be held on Saturday, October 5, at 3:30 p.m.

## Speaks on Japan

The Faith Evangelical Lutheran Church of Antioch had an illustrated lecture by Missionary Reverend R. Poetter of Myto City, Japan, on Friday, September 20th. Members of the Lutheran Churches of Bristol and Wilmot, Wisconsin, Libertyville and Antioch Churches were present. Reverend Poetter has served as a Missionary in Japan for the past 11 years, and will be returning there this next October. Three other Lutheran Missionaries and their families will join him there.

He told the audience that nearly all the Japanese are becoming westernized, with the exception of the very elderly. Most of them wear the western style of clothes, and have adopted the western view on nearly all phases of life there. However, they do have a big problem in juvenile delinquency as more and more of the teenagers no longer have the deep respect they had formerly had for their parents.

On Sunday, September 22, the Faith Evangelical Lutheran Church celebrated their Mission Festival. The Reverend G. Unke, of Oshkosh, Wisconsin, was their visiting Pastor and guest speaker.

## M.Y.F. Adopts Korean Orphan

The latest project of the Methodist Youth Fellowship of the Antioch Methodist Church has been the adoption of a Korean orphan through the organization "Compassion".

The M.Y.F. will provide money for the support of the orphan, who will remain at the Compassion orphanage in Korea. The young people plan several projects to raise money for their adopted child in the months to come.

The first of these activities will be a spaghetti dinner, to be held in Wesley Hall on Saturday, Nov. 2, from 5-8 p.m.

The M.Y.F. invites teenagers who would like to be part of a club that has swimming parties, camping trips, dances and field trips, and performs real community service, to come to the Antioch Methodist Church at 6:30 p.m. Sunday night.

## Inside Antioch High

By Marilyn Gras

This is a short week of school throughout northwest Lake County. School will not be in session Friday because of the Teacher's Institute to be held in Antioch and Wauconda. The institute will begin at 9:00 a.m. This is the second year that this meeting has been held.

Last week was an unhappy one for sports fans and players at ACIS. The Cross Country squad was badly defeated by Grant, and all three Sequoia football teams lost to Grayslake. The freshmen lost 12-6; the sophomores, 19-0; and the Varsity, 12-6.

Football games this weekend will pit Antioch against Lake Forest. The freshmen will face the Scouts Saturday morning in Lake Forest, while the Junior-Varsity and Varsity teams will play at Antioch Saturday afternoon. These two games will be the first ones played on the new football field, which will be dedicated that afternoon. The band will march at the dedication.

Root Studio photographers were at Antioch High last week to retake Senior pictures and to take photographs for Student Identification cards. Some of the seniors who were satisfied with their photos taken last August have already received their finished pictures.

The first PTA meeting of the school year will be held at 8:00 p.m. Wednesday, October 2. This meeting will be the annual "Back to School Night." Parents will be given the opportunity to follow their son's or daughter's schedule and to meet with the teachers.

## W. S. C. S. NEWS

Mrs. Robert Duhon, Sr., President of the Women's Society of Christian Service (W.S.C.S.) of the Antioch Methodist Church, and several other W.S.C.S. members will be attending the Lake Bluff Orphanage Fall Festival in Lake Bluff, Illinois, this Friday, September 27th. This annual event usually consists of a luncheon and a Bazaar.

## "Where The Boys Are—"

LOWRY AFB, Colo. — Airman Third Class Richard E. Erber of Lake Villa, Ill., is being reassigned to a strategic defense unit following his graduation from the United States Air Force technical training course for munitions specialists here.

Airman Erber, son of Mr. and Mrs. Edwin Erber of Rt. 4, Grand Avenue, Lake Villa, was trained in the maintenance, storage, loading, assembly and safe disposal of explosive munitions.

Great Lakes, Ill. (FHTNC)—Eugene A. Moeller, 17, son of Mr. and Mrs. Elmer W. Moeller of 303 Cedarwood Lane, Antioch, Ill., is undergoing nine weeks basic training at the Naval Training Center, Great Lakes, Ill.

The training includes naval orientation, history, and organization; basic military law; seamanship and shipboard routine; ordnance, gunnery and damage control; sentry duty and military drill; physical fitness, swimming, first aid and survival.

U. S. FORCES, GERMANY (AHTNC) — Army Specialist Four Kenneth W. Andersen, son of Mr. and Mrs. Donald W. Andersen, 601 N. Main St., Antioch, Ill., was awarded The Good Conduct Medal Sept. 5 while serving with the 41st Artillery in Germany. Specialist Andersen was awarded the medal for exemplary conduct, efficiency and fidelity as a soldier in active service.

The 24-year-old soldier, a member of 2nd Battalion, entered the Army in September 1961, completed basic training at Fort Knox, Ky., and arrived overseas in March 1962.

Andersen is a graduate of Antioch High School and was employed by the Public Service Company, Northbrook, before entering the Army.

## LOON LAKE

By Elsie M. Toman  
Phone 395-2399

Miss Judy Rosquist, daughter of Mr. and Mrs. Rosquist, Loon Lake, is away at college in Elgin, Ill.

Mrs. N. Rosquist of Loon Lake, Antioch will have a meeting in her home for a group of ladies on the Moose Heart Committee, W. O. T. M. on Sept. 25.

Mr. and Mrs. R. Sevic and Mr. and Mrs. J. Steff of North Shore Loon Lake, Antioch, are spending 2 weeks in Northern Wis. and Minnesota, fishing and mushroom hunting.

The ladies of the North Shore Loon Lake will hold a meeting on Sept. 27th.

Richard Good, son of the Walter Goods, North Shore of Loon Lake, left on August 31 for Great Lakes, where he is receiving his boat training.

## CALIFORNIA SUBD'N

Mr. and Mrs. A. Meierdick, Sr., 218 7th Ave., Calif. Subd., Antioch celebrated their 43rd wedding anniversary on Sept. 22. The immediate family was present.

Mrs. Dorothy Olds was a house guest of the William Meyer's, Bayview Drive, Antioch, the week of September 9th. Also "The Ladies of David St." were guests at a "Koffee Klutch" on September 11, in honor of Mrs. Olds.

Mrs. Regina Karasch, Venetian Drive, Antioch is recuperating in her home from an illness.

## Hospital Notes

Stanley Grocke, R. 2, Antioch was taken to Victory Memorial Hospital last Wednesday by the Antioch Rescue Squad suffering from a heart attack. He is reported improving.

Mrs. Bernice Barnew  
Elliot 6-5649

**4-H Club Meeting**  
The first general meeting  
of the Lindenhurst 4-H Club  
Juniors, Juniorsettes and Sen-  
iors will be held Wednesday,  
October 2, at 4 p.m. at the  
home of Mrs. Lorraine Lewis.

**Home For Vacation**  
Gary and Eileen Guffey of  
2013 E. Burr Oak Lane spent  
their two week vacation visit-  
ing both their parents. While  
in Bettendorf, Iowa they  
visited with Gary's parents,  
Mr. and Mrs. Alvin Guffey.

Most of the time was spent  
at Eileen's parents, Mr. and  
Mrs. Harley Katschnig in  
Hoopla, Illinois.

Little Lisa Ann, who was  
born August 24, was christen-  
ed while they were there.

**Demonstration**  
Pat Parpan was hostess for  
a toy demonstration last  
Thursday evening. Rae Gib-  
bons was the demonstrator.  
Fifteen ladies enjoyed an  
evening of relaxation.

**Anniversary Wishes**  
Heartiest anniversary wish-  
es are sent to Pastor and Mrs.  
Harold Nelson of St. Mark  
Lutheran Church on their  
twenty-first wedding anniver-  
sary September 26. They have  
four children, Paul, Solveig,  
Mark and Sonja.

**First Child**  
Mr. and Mrs. Oswald (Judi)  
Larsen, 1808 Maplewood Dr.,  
are the proud parents of a  
little girl born to them Sept.  
18 at Victory Memorial Hospi-  
tal. Lisa Ann weighed 7  
pounds 2 ounces at birth.

**Hospital Patient**  
Fred LaChance has been in  
Victory Memorial Hospital  
for about a week with a back  
ailment.

**Fourth Child**  
Margel and Mrs. Ralph (Mary)  
Stangel of 514 S. Deerpath  
Drive welcomed their second  
daughter and fourth child  
September 16 at Victory  
Memorial Hospital. Suzanne  
Marie weighed 7 pounds 15  
ounces when she arrived at  
10:15 p.m.

**Married**  
Fred Fabry, 2126 E. Fair-  
field Road and Diane Demos  
of Berwyn were married Sept.  
21 at St. Mark Lutheran  
Church at 4 p.m. Pastor Har-  
old Nelson united the young  
couple. Fred is the son of  
Mr. and Mrs. Gustav Fabry  
and Diane the daughter of  
Mr. and Mrs. Constantine  
Demos of Berwyn.

Miss Donna Jean Gray was  
the maid of honor and Bill  
Hart of Antioch, best man.  
Phillip and David Fabry, Broth-  
ers of Fred, were ushers. A  
reception for friends and  
relatives of the family were  
held at the home of the bride  
in the evening.

The newly-weds met last  
winter while at Southern Illi-  
nois University, where Fred  
is teaching and Diane is fin-  
ishing up. Fred is a graduate  
of Antioch High School and  
Southern Illinois.

**Get-To-Gether**  
There will be a get-to-  
gether for members of both  
the Men's and Women's Club  
Saturday evening at the Lin-  
denhurst Civic Center. Hus-  
band's and wives are also in-  
vited. Refreshments will be  
served.

**Golden Wedding Celebration**  
Approximately fifty people  
attended the Golden Wedding  
Anniversary party for Mr.  
and Mrs. George Barren of  
2310 Sunset Lane Sunday  
afternoon. The party was  
given by the Barren's four  
children at the Old Prague in  
Cicero. The Barren's were  
actually married Sept. 6, but  
they were unable to obtain  
the hall on that date.

**Sewers Meeting**  
Between 75 and 100 people  
attended a meeting Sunday  
afternoon at the Civic Cen-  
ter, sponsored by the United  
Party of Lindenhurst. After  
the trustees gave all the facts  
about the proposed sewers, a

**SLEEPY AT SEVEN?**

Of course you're groggy  
at seven A.M. ... that's  
naturally. However,  
if you're usually as tired  
when you awaken as when  
you want to bed, it may in-  
dicate a need to see your  
doctor. Let him prescribe  
something for you, and do let  
us compound it if he does.

**are you happy?**

Happiness is hard to pin down.  
People look for it in every di-  
rection, but it's basically spiritual.  
You discover that the only real  
happiness comes from God -  
and from learning to live in  
obedience
